

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. Privacy & Confidentiality

To maintain privacy of students' special education records, both within its central office and across school systems and databases, ISPA follows protocols consistent with the federal regulations associated with the Family Educational Rights and Privacy Act (FERPA). Click <http://lavca.k12.com/privacy-policy.html> for additional information about the privacy and security guidelines for your child's educational records.

Accommodation Notice of these rights is available, upon request, on audiotape, Braille, and in languages other than English. Should you need further assistance or information regarding any of these accommodations, please contact the Related Services Coordinator at lavcarelatedservices@lavirtual.org or any member of your child's LAVCA team for guidance.

Family Directory

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can be disclosed to outside organizations without a parent's prior written consent. In addition, federal law requires the School to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents or eligible students have advised the School in writing that they do not want their student's information disclosed without prior written consent.

The School has designated the following information as directory information:

- name
- address

- telephone number
- e-mail address
- photo
- athletic information
- grade level
- activities and clubs.

If you do not want your families' contact information listed in our school directory, please use the link below to complete the FERPA Opt Out Form.
